

**INDEX TO  
JOURNAL OF MEDICAL EDUCATION**

**VOLUME 54 • 1979**

## Author Index

- Aasved, C. See Fiel, N. J. et al., 511 (June)
- Abrass, I. See Robbins, A. S. et al., 885 (Nov.)
- Adelman, A. Pediatric Service, 129 (Feb.)
- Ajunwa, M. I. See Fiel, N. J. et al., 511 (June)
- Albanese, M.A. See Behrens, A. et al., 585 (July)
- , Kent, T. H., and Whitney, D. R. Cluing in Multiple-Choice Test Items with Combinations of Correct Responses, 948 (Dec.)
- Allan, P. W. See Brown, J. H. U. et al., 294 (April)
- Alpert, J. S. See Pochyly, D. F. et al., 587 (July)
- Ament, R. Visiting Professorship, 833 (Oct.)
- Amini, F. See Carmel, H., 901 (Nov.)
- Anderson, J. L. A Practical Approach to Teaching About Communication with Terminal Cancer Patients, 823 (Oct.)
- Andrus, L. H. See Fowkes, V. et al., 781 (Oct.)
- Armitage, M. See Weinberg, A. D. et al., 230 (March)
- Arnold, L. See Keck, J. W. et al., 759 (Oct.)
- Aronson, S. M. The Role of the Medical School in Cost Containment, 903 (Nov.)
- Baker, R. M. See Friedman, C. P. et al., 567 (July)
- Balsley, E. See Doyle, B. B., 338 (April)
- Barbee, R. A. See Kettel, L. J. et al., 210 (March)

# Subject Index

## Academic Medical Centers:

- As sites for family practice centers, Sadovsky, 895 (Nov.)
- Costs of an institutional review board, Brown et al., 294 (April)
- General medicine clinic, for ambulatory care training, Rudd et al., 766 (Oct.)
- Integration of university center and community hospital, Tarlov et al., 370 (May)
- Multiple hospital systems: Benefits and drawbacks for core teaching hospitals and parent universities, Levitan, 870 (Nov.)
- Survey of cost containment education efforts in, Hudson and Braslow, 835 (Nov.)

## Admissions:

- Applicants for: 1977-78 first-year class, annual study, Gordon, 677 (Sept.); Mental health assessments, Silver et al., 534 (July)
- Competitive pressures for admission, Hackman et al., 308 (April)
- Interviews: As predictors of "success" in professional practice, Doering et al., 735 (Sept.)
- Of minority students: Next decade, Roybal, 653 (Aug.); Underrepresentation of American Indians, Booker and McPhail, 651 (Aug.)
- Selection process: Role of admission committee in assessing mental health of applicants, Silver et al., 534 (July)
- To medical schools in Western Europe, Hawkins and Hawkins, 411 (May)

## Allied Health Professionals:

- Clinical interdisciplinary health team, Mazur et al., 703 (Sept.)
- Cooperative education program for nurse practitioners and physician's assistants, Fowkes et al., 781 (Oct.)
- Doctor of pharmacy in 'docent team,' Covinsky and Hamburger, 974 (Dec.)
- Training of, in a regional health education center, McLeod, 304 (April)
- Minority: Black physician's assistants, Schneller and Weiner, 256 (March)
- Nurse clinician: As teaching model for postpartum service, Dungy et al., 507 (June); As instructor in physical diagnosis, Stillman et al., 733 (Sept.)
- Physician's assistant, performance of, in use of algorithms, Wasson et al., 119 (Feb.)

- Prison as site for clinical education, Kaufman et al., 925 (Dec.)
- Regional health professions education, McLeod, 300 (April)
- Rural areas: Participation of health sciences students in delivery of clinical services, Wiese et al., 917 (Dec.)

## Association of American Medical Colleges:

- Annual Awards (1978): Abraham Flexner Award to Ivan L. Bennett, Jr., 25 (Jan.); Borden Award to Bert W. O'Malley, 27 (Jan.)
- Annual Meeting addresses (1978): 3, 8, 12, 19 (Jan.)
- Annual Meeting program (1978): 143 (Feb.)
- Annual Report (1978): 159 (Feb.)
- Assembly Minutes (1978): 153 (Feb.)
- Policy statement on biomedical and behavioral research, Berne (Chairman), 257 (March)
- Tribute to Dr. Ward Darley, Cooper, 741 (Sept.)

## Basic Sciences:

- Basic science curriculum in mastery-based teaching system, Wade and Williams, 426 (May)
- Compensation of full-time faculty, Smith, 743 (Sept.)
- Computer-based instruction in, Sorlie and Essex, 246 (March)
- Pharmacology: Student attitudes toward drug claims, Gourley et al., 729 (Sept.)

## Behavioral Sciences:

- AAMC policy statement on biomedical and behavioral research, Berne (Chairman), 257 (March)
- Comprehensive medical/psychiatric care of the elderly, Starkman and Hall, 643 (Aug.)
- Course in, for students in preclinical years, Brownstein et al., 423 (May)
- Pediatric residents in program for care of disturbed children, Collins and O'Shea, 814
- Selection of psychiatric careers by medical graduates, Nielsen, 632 (Aug.)

## Bibliography:

- Medical Education, 64 (Jan.), 125 (Feb.), 353 (April), 436 (May), 517 (June), 601 (July), 748 (Sept.), 830 (Oct.), 904 (Nov.), 970 (Dec.)

## Book Reviews:

- National Health Insurance and Health Resources: The European Experience, 62 (Jan.)

- Medicine and the Reign of Technology, 124 (Feb.)  
 International Health, 253 (March)  
 Undergraduate Medical Education and the Elective System: Experience with the Duke Curriculum, 1965-75, 350 (April)  
 American Medicine: Challenges for the 1980s, 434 (May)  
 Continuing Medical Education: Perspectives, Problems, Prognosis, 600 (July)  
 Humanism and the Physician, 246 (Sept.)  
 Future issues in Health Care: Social Policy and the Rationing of Health Services, 968 (Dec.)

#### Clinical Sciences:

- Compensation of full-time faculty, Smith, 743 (Sept.)  
 Family practice: As prescribed selective in third year of residency, Sellar and Bissonette, 336 (April)  
 Internal medicine: Continuous care of patients in a residency program, Hodge et al., 638 (Aug.); Residency training in interviewing, Levin et al., 819 (Oct.); Residency training in ambulatory care, Casciato et al., 484 (June); Student performance in, effect of previous clerkship experience, Smiley et al., 938 (Dec.)  
 Obstetrics/gynecology: Psychiatric aspects of gynecological examinations, Buchwald, 725 (Sept.); Survey of undergraduate teaching in, Stenchever et al., 467 (June)  
 Pathology: Involvement of community pathologists in teaching, Batata, 583 (July)  
 Pediatrics: Faculty consensus on department goals, Loughlin and Moore, 101 (Feb.); Involvement of residents in care of behaviorally disturbed children, Collins and O'Shea, 814 (Oct.); Pediatrician on family medicine faculty, Passero, 665 (Aug.); Predicting residents' performance in child psychiatry program, Kaplan et al., 42 (Jan.)  
 Psychiatry: Group experience for students in six-week clerkship, Neumann and Elizur, 714 (Sept.); Instruction in interviewing for first-year psychiatric residents, June et al., 402 (May); Introductory course in personality disturbance, Silverman and Basuk, 589 (July); Residents with varying medical internships, Procci and Markoff, 502 (June); Socialization of black residents, Griffith and Delgado, 471 (June); Students' identification with patients in clerkship, Siomopoulos and Crawford, 333 (April); Training in child and adolescent psychiatry, for medical students, Fine, 738 (Sept.); Use of consultation-liaison program for instruction in gerontology, Starkman and Hall, 643 (Aug.); Use of simulated patients for instruction in mental status examination, Rubenstein et al., 663 (Aug.)

- Surgery: Students' skills in reviewing patient charts, Goetz et al., 788 (Oct.)

#### Computers: See Also Educational Technology

- Instruction in basic sciences, with aid of, Sorlie and Essex, 246 (March)  
 Instruction in diagnosis, with aid of, Nelson et al., 55 (Jan.)  
 Use of, in auditing algorithm performance, Wasson et al., 119 (Feb.)

#### Continuing Medical Education:

- As viewed by medical students, Krowka and Peck, 53 (Jan.)  
 Community hospital and medical school as resources in, Manning et al., 461 (June)  
 Cooperative course, for emergency physicians, Finestone and Bowler, 51 (Jan.)  
 Course for physicians and "mid-level practitioners," Burr et al., 421 (May)  
 Evaluation of program for obstructive pulmonary disease, Wang et al., 803 (Oct.)  
 Resource for physicians, Pennington, 753 (Sept.)  
 Use of short, single-concept films in continuing medical education, Weinberg et al., 230 (March)

#### Curriculum:

- AVLINE: Curriculum-related audiovisual instructional materials, Bridgman and Suter, 236 (March)  
 Basic cardiac life support, course in, McSwain et al., 736 (Sept.)  
 Behavioral science: Course for students in preclinical years, Brownstein et al., 423 (May)  
 Clinical medicine, introductory course in, Tuteur, 112 (Feb.)  
 Cooperative clinical curricula in nurse/physician's assistant education program, Fowkes et al., 783 (Oct.)  
 Curricular revisions of the past 25 years, Kimball, 522 (June)  
 Death and dying, course in, for first- and second-year medical students, Schachter, 661 (Aug.)  
 Development of, at King Abdulaziz University in Saudi Arabia, Basalamah et al., 96 (Feb.)  
 Elective course in cancer patient management, Cassileth and Egan, 797 (Oct.)  
 Elective preceptorship in continuity of care, Hadac et al., 525 (July)  
 Electrocardiogram interpretation, course in, Kingston, 107 (Feb.)  
 Evaluation of medical school program of instruction, Pochly et al., 587 (July)  
 Family and community health care, course in, for health associate students, Oktay, 323 (April)  
 Family practice: Elective clerkship in, Rodnick and Dervin, 329 (April); Preclinical course, Bissonette and Lenkei, 115 (Feb.)

- Instructional materials as curriculum support, Hampton et al., 90 (Feb.)
- International health, development of self-instructional course in, Pierleoni et al., 75 (Feb.)
- Interpersonal skills, teaching of, Kahn et al., 29 (Jan.)
- Legal medicine, survey of medical school courses in, Grumet, 755 (Oct.)
- Mastery-based teaching system, Wade and Williams, 425 (May)
- Multidisciplinary course in emergency medicine, Marshall et al., 562 (July)
- Nutritional concepts in medical school curriculum, Gautreau and Monsen, 607 (Aug.)
- Nutrition, curriculum in, Robson et al., 817 (Oct.)
- Patient evaluation: Course for first-year medical students, Vanderpool and Parcel, 418 (May)
- Personality disturbance, introductory course in, Silverman and Bassuk, 589 (July)
- Problems of curriculum development, Zoot, 605 (July)
- Rochester 2-4-2 program, Niemi and Phillips, 580 (July)
- Three-year curriculum: Faculty attitudes toward Ohio State's program, Trzebiatowski and Peterson, 205 (March); Rise and fall of three-year programs, Beran, 248 (March); University of Arizona program, a postmortem, Kettel et al., 210 (March)

#### Datagrams:

- Participation of Women and Minorities on U. S. Medical School Faculties, Higgins, 252 (March)
- Results of the NRMP for 1979, Graettinger, 347 (April)
- Medical Student Enrollment, 1974-75 Through 1978-79, Johnson and Gordon, 431 (May)
- Income Analysis of University-Owned Teaching Hospitals, Isaacs, 596 (July)
- Sources of Construction Funds for Teaching Hospitals, 1977, Butler, 669 (Aug.)
- Compensation of Full-Time Medical School Faculty, Smith, 743 (Sept.)
- 1978 Survey of House Staff Stipends and Funding, Bentley, 828 (Oct.)
- State Funds in Support of Public and Private Medical Schools, 1978, Rosenthal, 964 (Dec.)

#### Editorials:

- FDA's Proposed Rules for Institutional Review Boards, Hendrix, 961 (Dec.)

#### Educational Technology: See Also Computers

- Audiovisual materials: Appraisal, Geyman, 950 (Dec.); Searching the AVLINE data base, Bridgman and Suter, 236 (March); Use of, in learning resource center, Hampton et al., 90 (Feb.)
- Infant simulators, use of, in teaching pediatric skills, 242 (March)
- Single-concept films, use of, in continuing medical education, Weinberg et al., 230 (March)
- Slide-tape programs, audiocassettes, videotapes, use of, in obstetrics/gynecology departments, Stenchever et al., 469 (June)
- Tape recorder, use of, in study of physician-patient relationship, Stiles et al., 81 (Feb.)
- Videotapes, use of, in evaluation of patient interviews by house officers, Robbins et al., 885 (Nov.); In examination of student-teacher interaction, Foley et al., 622 (Aug.); In performance of pediatric interview by residents, Kaplan et al., 42 (Jan.)

#### Evaluation:

- Of achievement of primary care, Starfield, 361 (May)
- Of audiovisual teaching materials, Geyman, 950 (Dec.)
- Of candidates for graduate medical education, Wagoner and Gray, 445 (June)
- Of clinical performance in medical school, Wiloughby et al., 453 (June)
- Of curriculum, use of interdisciplinary faculty groups, Pochlyly et al., 587 (July)
- Of clinical interdisciplinary team, Mazur et al., 708 (Sept.)
- Of continuing medical education for obstructive pulmonary disease, Wang et al., 803 (Oct.)
- Of cooperative nurse practitioner/physician's assistant educational program, Fowkes et al., 783 (Oct.)

- Of course in behavioral science, Brownstein et al., 423 (May)
- Of course in international health, Pierleoni et al., 76 (Feb.)
- Of course in electrocardiogram interpretation, Kingston, 107 (Feb.)
- Of departmental faculty, 477 (June)
- Of house officers as teachers, Tonesk, 613 (Aug.)
- Of effect of a program in continuing medical education on practice behaviors of physicians and nurses, Weinberg et al., 230 (March)
- Of family medicine preceptorship, by students and preceptors, Friedman et al., 571 (July)
- Of impact of course in family and community health care on health associate students, Oktay, 323 (April)
- Of instruction, by medical students, Lancaster et al., 657 (Aug.)
- Of instruction in interpersonal skills, Robbins et al., 885 (Nov.)
- Of interns' performance, Linn, 238 (March)
- Of medical school departments, Smythe et al., 284 (April)
- Of nutritional concepts in medical school curriculum, Gautreau and Monsen, 607 (Aug.)
- Of residents' performance, Sloane et al., 578 (July)
- Of physician income incentives and board-certification trends, Langwell, 539 (July)
- Of preclinical course in family medicine, Bissonette and Lenkei, 115 (Feb.)
- Of premeds by other students, Hackman et al., 308 (April)
- Of psychiatric resident performance, Procci and Markoff, 502 (June)
- Of residency training program, Reynolds and Chancel, 957 (Dec.)
- Of resident performance, Keck et al., 764 (Oct.)
- Of residents' performance in child psychiatry program, Kaplan et al., 42 (Jan.)
- Of student performance in obstetrics/gynecology clerkships, Stenchever et al., 467 (June)
- Of student psychomotor skills, Fiel et al., 511 (June)
- Of student attitudes toward continuity of care, Hadac et al., 529 (July)
- Thinking about evaluation, Heffernan, 68 (Jan.)

#### Finances:

- Compensation of full-time medical school faculty, Smith, 743 (Sept.)
- Cost-containment: On a medical teaching service, Lyle et al., 856 (Nov.); Peer review of diagnostic tests by medical students, Garg et al., 852 (Nov.); Role of physician education, Lawrence, 841 (Nov.); Third-year medical students in model utilization review project, Zeleznik and Gonnella, 848 (Nov.)
- Cost-effectiveness in drugs, Perll, 605 (July)
- Costs of: Institutional review board in large medical institution, Brown et al., 294 (April); Medical care, Fuchs, 8 (Jan.)
- Financial aspects of general medical clinics, Rodnick and Dervin, 331 (April)
- House staff stipends and funding, 1978 survey, Bentley, 828 (Oct.)
- Income-analysis of university-owned teaching hospitals, Isaacs, 596 (July)
- Income differentials between board-certified and non-board-certified physicians, Langwell, 539 (July)
- Income sources of university-owned teaching hospitals, Isaacs, 596 (July)
- Instructional costs of primary care clerkship, Pawlson et al., 551 (July)
- Patient-encounter costs in a hospital cost-containment program, Lyle et al., 856 (Nov.)
- Sources of construction funds for teaching hospitals, Butler, 669 (Aug.)
- State funds in support of public and private medical schools, Rosenthal, 964 (Dec.)

#### Government: See Also Health Manpower Policy

- Bridges to society's decision-makers, Fordham, 249 (March)
- County: Affiliation of medical school and public health department, Weiler and Clawson, 217 (March)

Evaluation of medical school program of instruction, Pochyly et al., 587 (July)

"Firm" system for graduate training in general internal medicine, Waggoner et al., 556 (July)

Geriatrics, role of, in medical education, Swanson, 59 (Jan.)

Government regulation in medical education, Dunlop, 3 (Jan.)

Impact of primary care preceptorship on senior medical students, Hale et al., 396 (May)

Mastery-based medical school program, Wade and Williams, 425 (May)

Need for greater breadth in medical education, Shangold, 430 (May)

Participation of minority groups, Roybal, 652 (Aug.)

Public policy and medical education, Fuchs, 10 (Jan.)

Role of legal medicine in medical education, Grumet, 755 (Oct.)

Summer program in, Slotnick, 673 (Aug.)

Three-year medical school curriculum: Faculty attitudes toward Ohio State's program, Trzebiatowski and Peterson, 205 (March); Rise and fall of three-year programs, Beran, 248 (March); University of Arizona program, Kettel et al., 210 (March)

Transition from basic to clinical sciences, Tuteur, 112 (Feb.)

#### Medical Education Abroad:

Canada: Teaching interviewing skills to first-year psychiatric residents, Junek et al., 402 (May)

India: Attitudes of rotating interns toward practitioners of specialties, Sangal, 500 (June)

Nigeria: Attitudes of medical students toward rural practice, Brieger, 427 (May)

Saudi Arabia: Development of medical curriculum at King Abdulaziz University, Basalamah et al., 96 (Feb.)

United Kingdom: Postgraduate training for general practice, Eisenberg, 314 (April)

Western Europe: Psychiatry education in 10 countries, Hawkins and Hawkins, 408 (May)

#### Medical Faculty:

Academic and practicing physicians, a narrowing gap, Reynolds, 514 (June)

Attitudes of, toward three-year medical program, Trzebiatowski and Peterson, 205 (March)

Clinical teaching skills of, Foley et al., 622 (Aug.)

Compensation of full-time medical school faculty, Smith, 743 (Sept.)

Faculty development, Sheehan, 255 (March)

Faculty/student ratios in medical schools, Wiener, 974 (Dec.)

Participation of women and minority members, Higgins, 252 (March)

Patterns of scientific productivity, Krumland et al., 876 (Nov.)

Promotion of faculty members, departmental guidelines, Spender et al., 477 (June)

Ratings of instruction by students, Lancaster et al., 657 (Aug.)

Short-term visiting professorships, Ament, 833 (Oct.)

#### Medical Journals:

Journal publications as measure of scientific productivity, Krumland et al., 876 (Nov.)

Journals of medical education, in the United States and United Kingdom, Hawkins and Hawkins, 410 (May)

Medical reprint file, Sovner and Sovner, 246 (March)

#### Medical Schools

Accreditation of, Palmer, 280 (April)

Affiliation with public health departments, Weiler and Clawson, 217 (March)

American Indians: Underrepresentation in medical schools, Booker and McPhail, 651 (Aug.)

Commitment to the disadvantaged student, Schapiro and McCombs, 672 (Aug.)

Commitment of Woman's Medical College of Pennsylvania to women in medicine, Sutnick and McLeer, 627 (Aug.)

Departmental review process, Smythe et al., 284 (April)

Enrollments, 1974-75 Through 1978-79, Johnson and Gordon, 431 (May)

Promotion of faculty members: Departmental guidelines, Spencer et al., 477 (June)

Role of, in continuing medical education, Manning et al., 461 (June)

Role of, in cost containment, Aronson, 903 (Nov.)

Tribute to Dr. Ward Darley, Cooper, 741 (Sept.)

Three-year medical school programs, Beran, 248 (March)

#### Medical Schools by Name:

Australia: Melbourne, 509 (June); New South Wales, 246 (March)

Canada: British Columbia, 101 (Feb.), 738 (Sept.); Queens, Ontario, 402 (May)

Israel: Sackler, 714 (Sept.)

Nigeria: Ibadan, 427 (May)

Saudi Arabia: King Abdulaziz, 96 (Feb.)

United States: Alabama, 111 (Feb.); Arizona, 733 (Sept.), 952 (Dec.); Baylor, 230 (March), 814 (Oct.); California—Davis, 781 (Oct.); California—Irvine, 507 (June); California—Los Angeles, 885 (Nov.); Case Western Reserve, 556 (July), 661 (Aug.); Chicago Medical, 587 (July); Chicago—Pritzker, 370 (May); Colorado, 741 (Sept.); Cornell, 478 (June); Dartmouth, 396 (May); George Washington, 340 (April), 551 (July); Harvard, 576 (July); Johns Hopkins, 323 (April); Illinois, 300 (April), 622 (Aug.); Southern Illinois, 425 (May), 788 (Oct.); Iowa, 948 (Dec.); Jefferson, 848 (Nov.); Kentucky, 217 (March); Miami, 578 (July); Michigan, 643 (Aug.); Missouri—Kansas City, 454 (June); Nevada, 53 (Jan.), 946 (Dec.); New Jersey, 416 (May); New York Medical, 423 (May); SUNY—Buffalo, 115 (Feb.), 336 (April); North Carolina, 567 (July); North Dakota, 673 (Aug.); Medical College of Ohio, 659 (Aug.); Medical College of Pennsylvania, 627 (Aug.), 797 (Oct.); Rochester, 580 (July); Rockford, 944 (Dec.); Medical University of South Carolina, 817 (Oct.); South Dakota, 444 (May); Southern California, 502

(June), 617 (Aug.), 704 (Sept.), 704 (Sept.); Stanford, 781 (Oct.); Temple, 342 (April); Texas—Dallas (Southwestern), 379 (May); Texas—Galveston, 418 (May); Texas—San Antonio, 56 (Jan.); Medical College of Virginia, 90 (Feb.), 729 (Sept.); Medical College of Wisconsin, 544 (July); Wright State, 583 (July)

#### Medical Students:

Attitudes of: Toward continuity of medical care, Hadac et al., 529 (July); Toward continuing medical education, Krowka and Peck, 53 (Jan.); Toward seeking psychological help, Kligfeld and Hoffman, 617 (Aug.); Toward cancer patients, Cassileth and Egan, 797 (Oct.); Toward quality assurance, Barr et al., 649 (Aug.); Toward specialty choice and practice setting, Hale et al., 396 (May); Toward drug claims, Gourley et al., 729 (Sept.); Toward first pelvic examination, Buchwald, 725 (Sept.); Toward instruction in medical school, Lancaster et al., 657 (Aug.); Toward public health instruction, Robson et al., 818 (Oct.)

Career choice of: In Australia, O'Connell and Beighton, 509 (June); Primary care, Sarnack, 224 (March); Plovnick, 655 (Aug.); Psychiatry, Nielsen, 632 (Aug.)

Clinical performance of, Willoughby et al., 453 (June)

Enrollment of, 1974–75 Through 1978–79, Johnson and Gordon, 431 (May)

First-year: In course in basic cardiac life support, McSwain et al., 736 (Sept.); In course in patient evaluation, Vanderpool and Parcel, 418 (May)

Fourth-year: In family medicine preceptorship, Friedman et al., 567 (July); In primary care preceptorship, Hale et al., 396 (May)

In clerkships: Teacher-student interaction, Foley et al., 622 (Aug.)

In clinical interdisciplinary team, Mazur et al., 703 (Sept.)

In experiential groups during psychiatry clerkship, Neumann and Elizur, 714 (Sept.)

In medical gerontology program, Starkman and Hall, 643 (Aug.)

In three-year medical programs, Trzebiatowski and Peterson, 205 (March); Kettel et al., 210 (March); Beran, 248 (March)

Minority: Medical schools' commitment to disadvantaged student, Schapiro and McCombs, 672 (Aug.); Underrepresentation of American Indians, Booker and McPhail, 651 (Aug.)

Performance of: As predictor of success in first graduate year, Veloski et al., 909 (Dec.); Cognitive and noncognitive measures, Keck et al., 759 (Oct.); Dean's letter as measure, Wang et al., 812 (Oct.); Effect of previous clerkship on perform-

ance in internal medicine, Smiley et al., 938 (Dec.); In physical diagnosis, Stillman et al., 733 (Sept.)

Psychological characteristics of, Burstein et al., 56 (Jan.)

Role models in medical education, Fink, 522 (June)

Tax exemptions for scholarships under federal programs, Cooper, 595 (July)

Women: Changes in attitudes toward seeking psychological help, Kligfeld and Hoffman, 618 (Aug.); Medical College of Pennsylvania, commitment to women in medicine, Sutnick and McLeer, 627 (Aug.)

#### Medicine:

As force in public policy, Fuchs, 8 (Jan.)

Changes in practice of medicine, Reynolds, 514 (June)

Federal Trade Commission: FTC program in health care field, Palmer, 275 (April); FTC and the profession of medicine, Krevans, 344 (April)

Medical profession and the decision-making process, Fordham, 249 (March)

#### Patient Care: See Also Health Care, Primary Care

Continuity of: Hadac et al., 525 (July); In ambulatory setting, Casciato, 484 (June)

Continuous patient care, in internal medicine residency program, Hodge et al., 638 (Aug.)

In miscarriage or death of infant, Knapp and Peppers, 775 (Oct.)

In teaching hospital medical clinic, Fletcher et al., 384 (May)

Patients' perceptions of medical student roles, Glasser and Meyer, 944 (Dec.)

Psychosocial issues in patient management, Roberts and Fuller, 444 (May)

Physician-patient interaction, Stiles et al., 81 (Feb.)

Quality of, and continuing medical education, Weinberg et al., 230 (March)

Treatment compliance, Blackwell, 443 (May)

#### Physicians:

AAMC statement on withholding of medical care, Cooper, 122 (Feb.)

Attitudes of: Toward family practice refresher course, Burr et al., 421 (May); Toward quality assurance, Barr et al., 649 (Aug.)

Emotional distress among physicians, Kligfeld and Hoffman, 617 (Aug.)

Geographical distribution: Relation of physician background to place of practice, Becker et al., 544 (July); Relation of site of residency to place of practice, Stefanu et al., 379 (May)

Physician impairment, Breiner, 673 (Aug.)

Practicing and academic physician: Narrowing gap, Reynolds, 514 (June)

Primary care, selection of, Sarnacki, 224 (March)  
 Specialty certification: Income incentives and board-certification trends, Langwell, 539 (July); Professional and economic value, Hechel and Bowles, 69 (Feb.)

#### Physical Facilities:

Facility design and construction management: Benefits of multiple hospital institutions, Levitan, 870 (Nov.)  
 Sources of construction funds for teaching hospitals, Butler, 669 (Aug.)

#### Premedical Students:

Report on premeds, Hackman et al., 308 (April)

#### Primary Care: See Also Health Care

Data collection in academic ambulatory practice, Gehlbach, 730 (Sept.)  
 Measuring the achievement of primary care, Starfield, 361 (May)  
 Production of primary care physicians, Sarnacki, 224 (March)  
 Providers of, training in psychological aspects of care, Ludden et al., 720 (Sept.)  
 Selection of primary care specialties, Plovnick, 655 (Aug.)  
 United Kingdom: Postgraduate training for primary care, Eisenberg, 314 (April)

#### Research:

Biomedical: AAMC policy for biomedical and behavioral research, Berne (Chairman), 257 (March); Institutional review boards and protection of human subjects, Brown et al., 294 (April); Hendrix, 961 (Dec.); Role of research in regional health care planning, Tarlov et al., 370 (May)  
 Health care: Research in physician-patient interaction, Stiles et al., 81 (Feb.)  
 Medical education: Institute for, in Berne, Switzerland, Hawkins and Hawkins, 410 (May)

#### Specialties:

Board examinations: Pass rates, Brownlee and Butzin, 833 (Oct.)  
 Cardiology: Cardio-pulmonary disease in newborns, Weinberg et al., 230 (March)  
 Emergency medicine: Fourth-year emergency medicine clerkship, Marshall et al., 562 (July)  
 Family practice: Continuity of care, Hadac et al., 525 (July); Data collection in academic ambulatory practice, Gehlbach, 730 (Sept.); Elective clerkship, Rodnick and Dervin, 329 (April); Model utilization review committee for third-year students, Zeleznik and Gonnella, 848 (Nov.); Pediatrician in family medicine faculty, Passero, 665 (Aug.); Peer review by residents,

Sloane et al., 578 (July); Preceptorship, Friedman et al., 567 (July); Rural community hospital as site for graduate medical education programs, Ralston, 821 (Oct.); Subspecialties within, Van Cleve and Camp, 240 (March); Van Cleve, 523 (June)

Images of practitioners of various specialties held by rotating interns in India, Sangal, 500 (June)

Internal medicine: Continuous care of patients in a residency program, Hodge et al., 638 (Aug.); "Firm" system for graduate training in general internal medicine, Waggoner et al., 556 (July); Residency in primary care internal medicine, Goroll et al., 392 (May)

Obstetrics/Gynecology: Relationships in miscarriage or death of an infant, Knapp and Peppers, 775 (Oct.)

Pathology: Use of community pathologists in academic teaching, Batata, 583 (July)

Pediatrics: Cardiopulmonary disease in newborns—study in continuing medical education, Weinberg et al., 230 (March); Office rotation in residency training, Greenberg, 340 (April); Pediatrician on family medicine faculty, Passero, 665 (Aug.); Predicting residents' performance in child psychiatry program, Kaplan et al., 42 (Jan.)  
 Production of medical specialists, Califano, 20 (Jan.)

Psychiatry: Child psychiatry fellows as sex education teachers, Wyatt and Meyer, 505 (June); Performance of residents with medical internships, Procci and Markoff, 502 (June); Resurgence of psychoanalysis in Western European medical education, Hawkins and Hawkins, 410 (May); Selection of, as specialty, by medical graduates, Nielsen, 632 (Aug.); Socialization of black residents, Griffith and Delgado, 471 (June); Students' reaction to patients in a psychiatry clerkship, Siomopoulos and Crawford, 333 (April)

Specialty boards: Examinations, pass rates, Brownlee and Butzin, 833 (Oct.); Income differentials between board-certified and non-board-certified physicians, Langwell, 539 (July)

Specialty selection: Learning style and career choice, Plovnick, 245 (March)

#### Study(ies):

Of algorithm system in teaching clinical problem-solving, Wasson et al., 119 (Feb.)  
 Of attributes of clinical performance, Willoughby et al., 453 (June)  
 Of departmental review in medical schools, Smythe et al., 284 (April)  
 Of effect of continuing medical education program on practice behavior of physicians and nurses, Weinberg et al., 230 (March)

- Of faculty and resident ratings of performance objectives, Russell et al., 491 (June)
- Of instructional costs of a primary care clerkship, Pawlson et al., 551 (July)
- Of medical student attitudes: Toward quality assurance, Barr et al., 649 (Aug.); Toward seeking psychological help, Kligfeld and Hoffman, 617 (Aug.); Toward continuing medical education, Krowka and Peck, 53 (Jan.)
- Of medical student skills in reviewing patients' charts, Goetz et al., 788 (Oct.)
- Of predictors of specialty choice, Plovnick, 245 (March)
- Of premedical students, Hackman et al., 308 (April)
- Of preparatory review programs for NBME Part I examination, Litzinger and Welker, 111 (Feb.)
- Of problems of interpretation in metropolitan health care system, Tarlov et al., 374 (May)
- Of psychological characteristics of medical students and residents, Burstein et al., 56 (Jan.)
- Of relation between level of physician training and laboratory-ordering practices, Greenland et al., 863 (Nov.)
- Of scientific productivity within a medical faculty, Krumland et al., 876 (Nov.)
- Of role of admissions committees pertaining to mental health of medical school applicants, Silver et al., 534 (July)
- Of teacher-student interaction in a medical school clerkship, Foley et al., 622 (Aug.)
- Of use of Delphi techniques in establishing objectives in a pediatrics department, Loughlin and Moore, 101 (Feb.)

#### Teaching Hospitals:

- Continuity of care clinic in a VA hospital, Casciato et al., 484 (June)
- Cost containment: Impact of program in, on a teaching service, Lyle et al., 856 (Nov.); In pharmaceuticals, Perl and Hamburger, 605 (July); Teaching hospital as site of cost-containment education, Hudson and Braslow, 835 (Nov.); Third-year medical students in model utilization review project, Zeleznik and Gonella, 848 (Nov.)
- General medicine clinic, as site for graduate medical education, Rudd et al., 766 (Oct.)
- Internal medicine residency in a teaching hospital, Hodge et al., 639 (Aug.)
- Medical clinic in a teaching hospital: A secondary-care facility, Fletcher et al., 384 (May)
- Postpartum service: Nurse clinician as teaching model, Dungy et al., 507 (June)
- Multiple hospital systems, benefits and drawbacks for core teaching hospitals, Levitan, 870 (Nov.)
- Role of, in regional health care planning, Tarlov, 370 (May)

- Rural community hospitals as sites for regional postgraduate programs, Ralston, 821 (Oct.)
- Sources of: Construction funds, Butler, 669 (Aug.); Income, Isaacs, 596 (July)

#### Teaching Methods:

- Algorithm system, use of, in teaching clinical problem-solving, Wasson et al., 119 (Feb.)
  - Interpersonal skills: Instruction in, Kahn et al., 29 (Jan.); Burra et al., 36 (Jan.); Robbins et al., 885 (Nov.)
  - Interviewing: Instruction in, Carroll and Monroe, 498 (June); Ziskook et al., 117 (Feb.); For first-year psychiatric residents, Juneke et al., 402 (May); For internal medicine residents, Levin et al., 819 (Oct.); Use of adolescent drama students as simulated patients, Leff et al., 899 (Nov.)
  - Lectures: As instructional modality in obstetrics/gynecology, Stenchever et al., 467 (June); As recording devices, Bennett et al., 246 (March)
  - Note-taking service, implications, Drake, 129 (Feb.)
  - Physical diagnosis: Computer-assisted instruction, Nelson et al., 55 (Jan.); Physician and nurse practitioner as course instructors, Stillman et al., 733 (Sept.)
  - Self-instruction: Patient self-education in ambulatory setting, Newkirk et al., 592 (July)
  - Simulated patients: First-year students serving as, Markham et al., 416 (May); Use of adolescent drama students in teaching interviewing skills, Leff et al., 899 (Nov.); Use of artificial models in teaching pediatric skills, Schreiner et al., 242 (March); Use of teaching associate as simulated patient in teaching genital examination, Behrens et al., 585 (July); Use of volunteers with documented illnesses, Bryans and Crothers, 932 (Dec.); For instruction in mental status examination, Rubenstein et al., 663 (Aug.)
  - Small-group discussion sessions in obstetrics/gynecology, Stenchever et al., 467 (June)
  - Supervision of teaching by psychiatric residents, Doyle and Balsley, 338 (April)
  - Teaching the pelvic examination, Buchwald, 725 (Sept.)
  - Use of psychiatric consultative-liaison program for instruction in gerontology, Starkman and Hall, 643 (Aug.)
- Tests:**
- National Board of Medical Examiners (NBME) examination: Performance on, and competence in patient chart review, Goetz et al., 791 (Oct.); Part I, performance on, as factor in residency selection, Wagoner and Gray, 448 (June); Part I preparatory review programs, Litzinger and Welker, 111 (Feb.); Scores on Part I and Part II as predictors of student performance, Keck et

al., 762 (Oct.); Part II, as predictor of clinical performance, Willoughby et al., 453 (June)  
Pass/fail versus graded courses: Performance of psychiatric residents, Carmel and Amini, 901 (Nov.)  
Quarterly Profile Examination (QPE): Use of, in predicting student performance, Keck et al., 761 (Oct.)  
Specialty certification examinations, Hechel and Bowles, 69 (Feb.); Brownlee and Butzin, 833 (Oct.)

Use of tests in design of international health course, Pierleoni et al., 75 (Feb.)

**Universities:**

Multiple hospital systems: Benefits and drawbacks for parent universities, Levitan, 870 (Nov.)  
Students' attitudes toward premeds, Hackman et al., 308 (April)

**World Health:**

Development of course in international health, Pierleoni et al., 75 (Feb.)
